Safari & Firefox Web Browsers

Kristine DeNunzio

denunzk@ocps.net

Course Description:

This course overviews two web browser applications for the Macintosh: Apple's Safari and Mozilla's Firefox. Safari comes preloaded on all Macintosh computers and Firefox is a free download from <http://www.mozilla.com>.

Text: No text is required for this course. All materials will be provided by the instructor.

Suggested Prerequisites: Familiarity with the Macintosh computer.

Topics to be addressed:

Students work along with the instructor and are guided, step-by-step, to learn the various features of the programs, along with some great tips & tricks to make your web browsing more efficient and enjoyable.

Class time includes:

- Overview of the programs
- Description of the interface
- Navigating to websites
- Using built-in Google search
- Saving and organizing Bookmarks
- Customizing your web browsers
- Tabbed browsing

*The instructor reserves the right to modify this course outline at any time.
