Course:

Blood Drawing

Description:

The Blood Drawing course is a continuing education course designed for those students who have completed a Phlebotomy course. Every four years, students with active Phlebotomy certification must renew their skills. This class will satisfy that requirement.

Eligibility:

Healthcare Professionals and Non-Healthcare Boards

Time:

12 hours

Overview:

Class time will include:

- Blood drawing
- Blood analysis
- Tranfusions
- Both classroom and clinical work
