Course:

CPR/BLS – Re-Certification

Description:

The class covers how to recognize an emergency, caring for conscious and unconscious individual, recognizing signs of heart attack, rescue breathing, and cardiopulmonary resuscitation. This class is recommend to all individuals who would like to know how to respond, recognize and help in case of emergency (911). The practice and knowledge are provided by the American Heart Association's curriculum.

Upon successful completion, each participant will be given a CPR card valid for (2) two years.

Textbook*:

All students must have a 2006 or newer version of the American Heart Association CPR textbook. Books are available for \$13.15 from the Winter Park Tech bookstore (open Monday – Thursday; closed Friday-Sunday). The AHA version of the CPR textbook is a requirement of the AHA and therefore Winter Park, as we are approved providers.

Eligibility:

Healthcare Professionals, Non-Healthcare Boards, and the general public.

Time: 4 hours**

*All CPR Courses require a 2006 or newer version of AHA CPR books.

Books can be obtained at the Winter Park Tech bookstore.

**Times given are approximate and are subject to change slightly due to class size.
