

**Course: Photoshop CS3 Level I & II**

**Instructor:** Lynn E. Merlet

**Instructor Phone:** 407-622-3200 Ext. 2651

**Instructor E-Mail:** [merletl@ocps.net](mailto:merletl@ocps.net)

**Course Description:**

Learn to enhance and manipulate photos using the powerful Adobe Photoshop CS3 program software. This entry-level course will cover the functions and performance of Photoshop CS3. Upon completion, you will be able to correct and enhance your own photos. You will use Adobe Photoshop CS3 on the Windows Operating System.

This course assumes that students have a basic understanding of the Windows user interface, the Internet and that the student has learned to name, save and retrieve files using a PC.

This is an introductory Photoshop course designed for users with no prior experience using Photoshop.

**Text:**

*Required Books:* No books are required for this class. All materials will be provided by the instructor.

*Recommended Books:* Sams Teach Yourself Adobe Photoshop CS3 in 24 Hours; Authors: Carla Rose, Kate Binder, 2007. Sams Publishing. Book available at Borders, Amazon.com

**Suggested Prerequisites:**

Microsoft Windows, Word Processing and Internet Skills
