**COURSE TITLE**

Web Pages: Cascading Style Sheets

**Instructor:**

Susan M. Turner  
Susan\_Turner@scps.k12.fl.us

**Course Description:**

In this course students will be able to apply cascading style sheets to web pages. Students will include the three types of style sheets in web pages and identify selectors and declarations. Students will work with lists, fonts, color, tables and use box properties in their web pages.

**Suggested Prerequisites:**

Students must know the XHTML basic tags in designing web sites to include headers, lists, hexadecimal color values, graphical table structures, and frames.

**Text:**

Designing Web Pages with Cascading Style Sheets by Joel Sklar

\*Students will not need to purchase the textbook. Handouts will be given out by the instructor.

**Topics to be addressed:**

- Introduction of Cascading Style Sheets
- Inline style
- Embedded style
- Linked or External style
- Selectors
- Declarations
- Attributes and values
- Classes
- Font properties
- Color and Backgrounds
- Box properties
